

OWNER REVIEW COPY

Website launch decisions & questions

This document records the best provisional choices already made from Binti's sales records and operating context. Fill only the items you want to confirm or change. Blank answers do not stop us from maintaining the safe preview; they do stop automatic M-Pesa sales where the answer affects money, inventory, delivery, privacy or legal responsibility.

What can be shown now: the premium website, sales-grounded bundle prices, basket, delivery estimate and WhatsApp order confirmation. Direct website M-Pesa remains clearly marked "coming soon."

Security: never write GitHub tokens, Daraja keys, passkeys, database passwords, HMAC secrets or other credentials in this PDF. Enter them only into approved protected deployment settings.

How to complete

1. Keep the default

Tick "confirm" where the proposed choice works. You do not need to rewrite it.

2. Change the default

Tick "change" and write the preferred answer in the space provided.

3. Assign an owner

Use a real person or role for stock, refunds, finance exceptions and dispatch.

4. Return for implementation

The answers will be converted into configuration and a launch checklist before payment is enabled.

Current readiness

Review/preview deployment

Safe only with commerce and Daraja disabled.

READY FOR APPROVAL

Automatic website M-Pesa sales

Blocked by Daraja, inventory, delivery, finance and legal confirmations.

NOT LIVE

Decisions already selected

These are the provisional defaults currently represented in the website.

Catalogue and pricing

Bundle	Website price	Basis	Your decision
6 packs · 48 pads	KSh 500	Repeated recorded online-sale price	☐ Confirm ☐ Change
12 packs · 96 pads	KSh 900	Repeated recorded online-sale price	☐ Confirm ☐ Change
24 packs · 192 pads	KSh 1,550	Existing price artwork and interpolated volume step	☐ Confirm ☐ Change
48 packs · 384 pads	KSh 2,650	Repeated recorded online-sale price	☐ Confirm ☐ Change

Each individual Mrembo pack is currently treated as containing 8 pads. The website uses one single-pack image and labels the paid bundle quantity separately.

Payment presentation

Selected launch merchant: M-Pesa Buy Goods Till **9392405** · intended Daraja type CustomerBuyGoodsOnline.

The site says “Direct M-Pesa coming soon” and tells customers not to pay until the team confirms on WhatsApp. It does not send an STK prompt.

☐ Confirm this Till ☐ Change Till to:

Delivery model

Option	Fee	Free threshold
Mombasa Road warehouse pickup	KSh 0	Always
Nairobi metro delivery	KSh 150	Orders from KSh 900
Upcountry courier to town pickup point	KSh 500	Orders from KSh 5,300

☐ Confirm this model ☐ Change it in Section 3.

Evidence: records showed a KSh 150 adjustment on a small Ruiru/Kamakias order, KSh 500 on a Kisumu shipment, and no separate adjustment on most 12-pack metro orders.

Products, pricing & stock

Complete before automatic payment is enabled.

Bundle confirmation

Question	Answer / correction
Is one Mrembo pack exactly 8 pads?	☐ Yes ☐ No: _____
Confirm or change the 24-pack price of KSh 1,550.	
Should the 48-pack be sold to all customers or only approved bulk buyers?	
Maximum bundles allowed in one website order?	
Are these prices VAT-inclusive?	

Opening stock

SKU	Opening saleable bundles	Low-stock alert level
6-pack		
12-pack		
24-pack		
48-pack		

Who is allowed to update website stock?

When does stock become saleable: after production, quality check, warehouse receipt, or another point?

What should happen when stock is unavailable?

☐ Hide item ☐ Show "out of stock" ☐ Allow WhatsApp enquiry only

Claims printed on packaging or website

Attach evidence or approval for any claim you want published.

Claim	Approved?	Evidence / owner
8 regular pads		
Cotton-feel / soft & comfortable		
Unscented		
Leakage protection or duration		
Manufactured in Kenya / manufacturer identity		
Catalogue and inventory		

Delivery & warehouse operations

Factory/warehouse basis: Mombasa Road.

Collection point

Exact customer-facing pickup address or map pin:

Pickup days and hours:

Pickup contact person/role:

How much notice is needed before collection?

Nairobi metro

Which areas count as “Nairobi metro” for the KSh 150/free-over-KSh 900 offer?

Suggested start: Nairobi County plus named nearby areas only—not all of Kiambu, Kajiado or Machakos counties.

Courier/rider provider and actual negotiated rate:

Upcountry

Preferred courier(s):

Typical parcel rate:

Does KSh 500 cover town pickup only, doorstep, or both?

☐ Town pickup ☐ Doorstep ☐ Depends on destination

Unsupported/remote destinations:

Service promise

Journey	Expected dispatch	Expected arrival
Warehouse pickup		
Nairobi metro		
Upcountry courier		

Do not place credentials in this document. This section records ownership and decisions only.

Merchant setup

Question	Answer
Has Till 9392405 been approved for Daraja M-Pesa Express?	☐ Yes ☐ No ☐ In progress
Safaricom application/merchant owner:	
Expected activation date:	
Production callback domain approved by:	
Who stores production credentials in protected deployment settings?	

Payment operations

Who checks M-Pesa settlement against website orders each business day?

Who decides whether a recovered or late payment may proceed to dispatch?

Who handles reversals/refunds, and which phone/email does the customer use?

How long should an unpaid stock reservation remain open?

☐ 15 minutes (proposed) ☐ 30 minutes ☐ Other: _____

Controlled production test

Choose a low-risk SKU and amount. The test must produce exactly one M-Pesa receipt, one ONLINE TRADE sale and one Dispatch entry.

Test item	Test amount	Tester	Approver

Acceptable maintenance/testing window:

Finance, Dispatch & alerts

One canonical sale and one canonical dispatch record.

Finance receiver

Which existing n8n workflow receives a verified website order?

Who owns that workflow and its failure queue?

Confirm unique upsert key:

☐ website_order_id (recommended) ☐ Other: _____

ONLINE TRADE mapping

Website field	Finance/Dispatch destination field	Confirmed by
website_order_id		
public_reference		
M-Pesa receipt		
product lines and quantity		
subtotal / delivery / total		
delivery zone and address		

Dispatch ownership

Primary dispatch owner:

Backup owner:

Can a finance-review payment create Dispatch automatically?

☐ No (recommended) ☐ Yes, only after: _____

Team notification

Alert	Channel	Recipients
Verified paid order after finance upsert		
Late/recovered payment review		
Finance handoff failed after retries		
Low stock		

Returns, refunds & customer care

Publish only after business approval.

Returns

Are unopened products returnable?

☐ No ☐ Yes, within ____ days

Who pays return transport?

☐ Customer ☐ Binti ☐ Depends on fault

What evidence is required for damaged, missing or incorrect goods?

Refunds and reversals

Scenario	Decision / timeline
Customer paid but product is unavailable	
Payment arrives after reservation expiry	
Duplicate M-Pesa payment	
Incorrect/damaged delivery	
Customer changes mind after dispatch	

Customer support

Order-support WhatsApp/phone:

Support email:

Support hours:

Escalation owner:

Approved customer wording when an order needs payment review:

Privacy, legal & data retention

Business decisions—not a request for secrets.

Customer information

Which roles may see customer name, phone and delivery address?

How long should completed-order contact and address data be retained?

How long should failed/abandoned checkout records be retained?

Who approves and fulfils data-access/deletion requests?

Legal approvals

Document	Owner/reviewer	Approved date
Privacy notice		
Website terms		
Delivery policy		
Returns/refunds policy		
Messaging consent		

Public company information

The current safe default publishes the legal name and customer contact only. It does not publish KRA PIN, registration number, directors or shareholders.

Public business address to show:

Any additional company details explicitly approved for publication?

Brand, story & evidence

Approve what customers and partners may see.

Public wording

Topic	Approved?	Correction / evidence
Binti Marvels is a Kenyan private company, not an NGO		
Mrembo is the public feminine-care product brand		
Binti Circles is the community arm		
Dignity Partnerships are commercial partner-funded sales		
No public donation checkout or donation receipt		

Impact and partner proof

Impact figures approved for public use, with source and measurement period:

Partner/customer names and logos approved for publication:

School/community photographs approved for publication, including consent owner:

Founder and warehouse media

Asset	May publish?	Caption/credit
Lorna Joyce portrait/story image		
Warehouse/factory photographs		
Mrembo lifestyle images		

Manufacturing statement approved for public use:

Leave blank if no verified wording is approved; the site will retain cautious “product vision” language.

Hosting, database & operations

Required before a durable production launch.

Deployment ownership

Question	Answer
Canonical GitHub organization/repository:	
Vercel/project or approved host owner:	
Production domain:	
Preview domain:	
Who approves deployments?	
Who can roll back a failed deployment?	

Database

PostgreSQL provider/project:

Database owner:

Backup frequency and retention:

When was restore last tested, or who will test it before launch?

Monitoring

Failure	Owner	Expected response time
Website unavailable		
Payment callback failed		
Finance handoff retrying		
Database or backup failed		
Security incident		

Approved maintenance window:

Final test & launch authorization

Complete after earlier sections are resolved.

Must-pass production test

Step	Pass / evidence
1. Customer sees the approved price and delivery total	
2. One authorized low-value STK prompt is sent	
3. Safaricom confirms one payment and one receipt	
4. Website order becomes paid only after verification	
5. One ONLINE TRADE sale is upserted	
6. One Dispatch entry is created	
7. One approved team alert is sent	
8. Retrying creates no duplicate sale, dispatch or alert	
9. Refund/reversal contact and process are confirmed	
10. Rollback and database backup are verified	

Activation gates

- ☐ I approve the final catalogue and opening stock.
- ☐ I approve the delivery fees, service areas and customer promise.
- ☐ I confirm Daraja is enabled for the selected Till and the production test passed.
- ☐ I approve the finance/Dispatch mapping and operational owners.
- ☐ I approve the legal policies and public claims.
- ☐ I authorize production commerce to be enabled.

Until the last box is signed: the site remains a safe preview with prices, delivery quotes and WhatsApp confirmation; direct M-Pesa remains “coming soon.”
